

EVERGREEN LAWN & SHRUB CARE

You will get a better-looking lawn, plus the highest level of personal service in the lawn care industry with EverGreen Lawn & Shrub Care.

We're committed to providing top quality service to every customer for every program we offer. Your lawn will be nurtured by professional applicators using professional products and equipment. Since EverGreen Lawn & Shrub Care uses dry, granular fertilizers, we can tailor each program to your lawn's specific needs. You can choose from a variety of Lawn Care Programs (*see your Lawn Analysis and Estimate inside*). With each program we make sure your lawn gets just what it needs at an affordable price.

EverGreen Lawn & Shrub Care guarantees it!

EverGreen Lawn & Shrub Care

GOLD LAWN CARE PROGRAM

Seven (7) treatments including Grub control and surface insect control. Your choice of Spring or Fall Aeration.

FERTILIZER: Properly timed granular feedings to promote thick, vibrantly green grass with a vigorous root system.

CRABGRASS CONTROL: Early spring crabgrass application to create a preemergent barrier, and prevent crabgrass from invading your lawn.

WEED CONTROL: Ongoing tailored applications to get rid of over 40 common lawn weeds including dandelions, betony, chickweed, clover and dollarweed.

LAWN INSECT CONTROL: Applications to clear out destructive chinchbugs, grubs, billbugs, and other turf damaging insects as needed throughout the year.

BRONZE LAWN CARE PROGRAM

Four (4) Treatments properly timed with two (2) Spring and two (2) Fall applications, including two (2) weed control applications.

FERTILIZER: Granular feedings to promote healthy green grass with a vigorous root system.

WEED CONTROL: Tailored applications to get rid of over 40 common lawn weeds including dandelions, betony, chickweed, clover and dollarweed.

CORE AERATION

Spring or Fall Aeration treatment to help control thatch buildup and relieve soil compaction. This treatment disrupts thatch, loosens the soil improving airflow, water penetration, and helps important fertilizer and nutrients reach the root zone where they work best.

"We treat all lawn problems"

SILVER LAWN CARE PROGRAM

Six (6) treatments including Grub Control:

FERTILIZER: Properly timed granular feedings to promote thick, vibrantly green grass with a vigorous root system.

CRABGRASS CONTROL: Early spring crabgrass application to create a preemergent barrier, and prevent crabgrass from invading your lawn.

WEED CONTROL: Ongoing tailored applications to get rid of over 40 common lawn weeds including dandelions, betony, chickweed, clover and dollarweed.

LAWN INSECT CONTROL: Applications to clear out destructive grubs as needed.

ADDITIONAL SERVICES

EverGreen Lawn & Shrub Care offers many additional services designed to solve specific lawn problems that may not affect all lawns in your area. You choose which services are best suited for your lawn and landscape.

Additional Lawn Services: Specific Disease Control
Tree & Shrub Care
